

Parents and Guardians:

In collaboration with the Ready To Learn initiative in Sangamon County, we will be using the Brigance Early Childhood Screening III for children between the ages of 3 to 5 years. The screening tool will give us insight into the development of our students to help prepare them for success in their Early Childhood Education.

This screening is done in cooperation with Community Connection Point and the Sangamon County Regional Office of Education (ROE). The ROE has established a database in order to collect information about the children in Sangamon County. We need your written permission to share this data.
